

## 28" Wide Body PVC Traffic Safety Cone

### Equicross ... a leading provider of quality safety, crowd, and traffic control equipment

Impact Flex PVC 28", 7 pound Fluorescent Orange or Lime Green Traffic Safety Cone. Quality manufacturing using premium grade PVC injection molding. Circle interlocking system. Wide body design for extra stability. Available with or without high intensity 4" and 6" reflective collars. Durable 1" thick, 14" x 14" stain resistant recycled black PVC base.

Vibrant orange or green color attracts attention to redirect traffic or warn of hazards or dangers. Meets MUTCD specifications.

Available with pre-printed messages or custom text for your application. Single-sided messages available in stencil format (stenciled with weather resistant long-lasting paint) in black or vinyl format (weather resistant vinyl letters) in black.
