

Conventional Urn Top Post ST400 Series

Equicross ... a leading provider of quality safety, crowd, and traffic control equipment

The classic post and rope configuration brings back the elegance and nostalgia of years past. With a durable tie-rod construction, you can be sure these posts represent true American quality standards. The graceful swag of the ropes are the result of the tightly woven core, which is wrapped in the highest grade of naugahyde or velour. These American classics have literally created the line for distinguished applications. Urn Top Posts are the standard for Conventional Post and Ropes. Seen in countless banks, hotels, casinos and theaters around the world; it truly stands up to the test of time. Posts with urn tops can be drilled and tapped for signage.
