

Heavy Duty Long Span Plastic Stanchion

Equicross ... a leading provider of quality safety, crowd, and traffic control equipment

Deluxe Heavy Duty Water Stanchion - span up to 16' between stanchions when filled with water. Great where extra stability is needed - or where you want to span longer distances. Each post stands 39" high and is 3" in diameter. Stable 14" black base weighs 16 lbs when filled with water. Plastic chain can be attached to included C-hooks, or can be run continuously through slot beneath decorative top. Spans up to 12' between posts with 6mm chain, up to 10' between posts with 8mm chain. Will not rust or rot. Comes with posts, C-hooks, and bases. Maintenance free. Available in high-visibility orange or yellow. Available with DOT reflective tape. Plastic chain sold separately.
