

Equicross ... a leading provider of quality safety, crowd, and traffic control equipment

Traffic Safety Cones available in many sizes, colors and styles. Sizes include 12", 18", 28", 36" and 39" with or without reflective collars. Reflective collars offer high visibility in bad weather, low light and at night. Popular colors include vibrant fluorescent orange, lime green, hunter green and white. Styles include wide body, full body, collapsible, and training. Personalization options include custom stenciled or vinyl text to effectively identify cones or provide a specific message. Cone accessories include cone bars, retractable belt barriers, and reflective chain kits.

Durable, portable, stackable, and maintenance free, PVC traffic cones are widely used for delineation, school zones, valet, parking lots, construction, industry, traffic control, police, military and in various sports as a training tool.
